**April 12- Washburn University Tech and Seaman Student of the month**

**Happy Valentines Day..And on the topic of Love--**

Love people and use things; don't use people and love things.

You can give without loving, but you can never love without giving.

To love is to place our happiness in the happiness of another

Regardless of color or age, we all need about the same amount of love.

The Eskimo has 52 names for snow because it is important to him; there ought to be as many for love-

A palace without affection is a poor hovel, and the meanest hut with love in it is a palace for the soul.

Kindness is a language the dumb can speak, and the deaf can hear and understand Love doesn't make the world go around- but it is what makes the ride worthwhile

Pride makes us do things well. But it is love that makes us do them to perfection.

Treasure the love you receive above all. It will survive long after your gold and good health have vanished

Sooner or later you've heard all of what your best friend has to say. Then comes the tolerance of real love.

Love doesn't sit there like a stone, it has to be made, like bread; remade all the time, made new.

A person in love mistakes a pimple for a dimple.

**Closed with the Creed**
