

HIGHLIGHTS

Newsletter of the Sunrise Optimist Club

We are on the worldwide web: www.sunriseoptimist.org

President Dave Ireland opened the meeting this morning around 6:45. There were only 26 in attendance this morning, probably due to the bad weather happening at the time.

The invocation was given by **President Dave Ireland** and the flag salute was led by everyone named **Gary**.

Chuck Sodergren had his wife, **Myra**, as his guest this morning.

President Dave thanked everyone who helped make sandwiches for the golf tournament. They were the **Reeds, Laws, Wrights, and Alan Rose and friend**.

Gary Domer was the winner of the 50/50 drawing this morning.

Alan Rose reported on the golf tournament last week. There were 37 teams that entered. He will try to have a final figure for us next week. If you still have a cooler here, please come and pick it up next week.

Linda Lanning thanked **Edna Star**, who walks almost everyday at the complex, for picking up trash as she walks. If you happen to know her, please thank her for her help. Edna lives over on Topeka Blvd close to 50th street.

The Kansas District 4th quarter convention will be held August 14-16 in Olathe. They will have an auction for Kids for Cancer. If you have any items for auction, please contact **Dave Ireland**.

The pot winner this morning was **Ray Droge**.

Mike Brier would have won the progressive pot, however he was not present.

Next Weeks' Program

Ernie Douglas's granddaughter, who is a National History Day winner, will give a talk. She won a 4-year scholarship on an essay that she wrote.

Brad Dietz, Seaman High School Athletic Director, today gave our program on the new track and football field renovation. We were going to have a tour, however the project is not yet complete, so it was cancelled. The weather was not cooperating either. Brad had some pictures, but had problems with his computer so he will come again and perhaps we will get a tour at a later date.

The football field is down, as well as the track, but still a number of things to finish up. This is a \$ 1.8 million project. We have the same turf that KU is putting down and the coating on the track is the same as the Olympic track used for relays in Oregon.

Closed with the creed.
