The size of a man's biceps has very little to do with his popularity and success after high school.

Successful leaders have the courage to take action while others hesitate

Not in time, place, or circumstance, but in the man lies success

I have not failed 10,000 times. I have successfully found 10,000 things that will not work- Thomas Edison

Our aim should be service, not success. I must follow the people. I am their leader.

Don't confuse fame with success. Madonna is one; Helen Keller is the other.

Success is neither magical or mysterious; it is the consequence of consistently applying basic fundamentals.

Don't forget to thank the people who are holding the ladder while you are climbing to success.

Tough times don't last but tough people do.

Everybody lays his load on the willing horse.

Quitters never win and winners never quit. No individual is worth team morale.

It's not the size of the dog in the fight that is important; it's the size of the fight that is in the dog.

Life consists not in holding good cards but in playing those you hold well

Life is a play. It's not its length, but its performance that counts.

The harder you work, the luckier you get.

There is somebody in charge every place in the world.

In the game of life even the 50 yard line seats don't interest me. I came to play!

I've never lost but I've been a little behind when the time ran out.

Nothing is more common than unfulfilled potential.

We make a living by what we get, but we make a life by what we give

Science may have found a cure for most evils; but it has found no remedy for the worst of them all- the apathy of human beings- Helen Keller

If I plan to learn, I must learn to plan. By failing to prepare you are preparing to fail.

Present choices determine future consequences. He sees best who sees the consequences.
