Teamwork is the essence of life

Hope for the best and prepare for the worst. Details are the difference. The devil is in the details.

I disapprove of what you say, but I will defend to the death your right to say it.

Think for yourselves and let others do so too

If you want to gather honey, don't kick over the beehive.

Genius is the ability to make the complex simple. Render clear what was already blindingly conspicuous.

The hottest places in hell are reserved for those who in a time of moral crisis maintain their neutrality.

As long as the world shall last there will be wrongs, and if no man objected and no man rebelled, those wrongs would last forever.

You don't compromise principles, but you harmonize tactics to preserve unity.

Sometimes a majority means that all of the fools are on the same side!

No use in arguing with the inevitable. The only argument against an east wind is to put on an overcoat

It may be true that the law cannot make man love me, but it can keep him from lynching me, and I think that's pretty important- Martin Luther King

The chief cause of problems is solutions

If you can't beat them, confuse them Harry Truman

He governs best who governs least.

The fountain is clearest at its source. Sooner or later muddy water clears up if you leave it alone.

Never insult an alligator until after you've crossed the river. Never burn bridges. Maturity is fixing a bridge after you've crossed it.

No use keeping a dog and barking yourself.

A young trooper should have an old horse.

People support exciting and useful ideas-not needy institutions.

Never take a jackass to the Kentucky Derby.

We hold our jobs because of what we cause to happen- rather than for what we do. We're paid for the quality of

our consequences rather than the amount of our work. Don't mistake activity for achievement.
